- Keyshot / Bunkspeed
- Adobe Creative Suite
- Sketchbook Pro
- Sketching / Rendering
- Mockups / Prototyping
- Manufacture/Production
- Graphics / Layout
- Packaging / Branding

EXPERIENCE

Virtual Visions | May 2017 - Present

Industrial Designer | Hayward, CA

- Create interactive touch screen digital displays such as smart mirrors, kiosks, and tables for big name companies.
- Manage projects through meaningful concept iterations, ensuring user centered design, while fulfilling brand goals and requirements.
- Lead design, engineering, and manufacturing developments of entire projects.

Focus PDM | Aug 2016 - Nov 2016

Industrial Designer | Menlo Park, CA

- Bring clients' vision to life through design strategy, research, ideation, sketching, rendering, presentation, engineering, prototyping, and testing.
- Lead and assist multiple projects, identify opportunities, solve consumer problems, and push innovation, while maintaining feasibility.
- Collaborate with designers, engineers, operations, and project managers.

RSV Forged | Aug 2012 - Aug 2016

Designer/Engineer | Milpitas, CA / Anaheim, CA

- Design, engineer, and manufacture automotive wheels in-house for exotic, sport, luxury, and custom build vehicles.
- Work with team to create entire wheel lineup of RSV Forged, while evolving details through product generations.
- Generate spike in sales, inquiries, and media recognition through new designs.
- Handle multiple clients simultaneously in a fast paced environment, from independent startups to big name bands.

Onanon | May 2012 - July 2012

Contract Industrial Designer | Milpitas, CA

- Produce custom connector and device housing concepts for bluetooths, medical products, hearing aids, catheters, e-cigs, and in-house designs.
- Improve aesthetics and device fitment for existing products.

Studio RED | Feb 2012 - Apr 2012

Contract Industrial Designer | Menlo Park, CA

- Develop ideas and concepts for team reviews to propose to clients.
- Work on projects for consumer, high-tech, and medical companies such as Abbott, Coraid, Covidien, and Huawei.
- Image editing, competitive analysis, ergonomic development, and presentation boards.

ProtoCafe / ProtoPulsion | Jun 2008 - Dec 2008

Intern/Apprentice | Redwood City, CA

- Prototyping, 3D printing, model making/fabrication, part finishing, mold creating, casting, painting, quality control.
